Monday 9:00-12:00 & 1:00-6:00
Wednesday & Friday 12:00-6:00, Saturday 9:30-11:30

March 13th at noon – Lunch & Learn – Sheila Craig Remembering the Apron takes a nostalgic look at the apron in an interactive hands-on program. What members of your family wore an apron? Come and reminisce about your connection to the apron.

March 20th at 6:00 pm – It's SPRING!! And our 3rd annual Seed Exchange is happening at the Complex. The event will kick off with a presentation on bee keeping and pollinators. Following the presentation, event participants will have the opportunity to collect various flower and vegetable seeds. There is no charge for the program or seeds.

Did you know that the calendar on the other side of this page is published online and is interactive? You can scroll through all the months and click the events for more information. Just visit <https://localendar.com/public/burtlibrary>

UTILITY BILL AUTOMATIC BANK WITHDRAWAL: If you are interested in having your utility bill paid directly from your bank account each month, contact City Hall. You will receive your utility bill as usual, but the bank will withdraw the funds from your account on the 15th of each month. One less thing to worry about!

Fire Department will begin **BINGO** on the third Friday of the month. March 17th. All proceeds will be used for the Fire Department. The doors open at 5:30 pm. Free snacks and the bar will be available.

The city shed is not a dump site. If you need to dispose of something set it out with the garbage and you will be charged accordingly. Remember there are yard waste stickers, appliance stickers and TV stickers. Also, if you are interested in getting rid of appliances, you can call Russ's Recycling at 641-860-0315.

March 25th is the **East Fork Walleye Club fish fry**. Doors open at 5! Get your raffles ahead of time!

EAB Confirmed in Kossuth County

With Grass Masters discovery and confirmation of EAB in Kossuth County last June, one of the more urgent concerns for both established and new clients is protection of their ash trees from this invasive and destructive pest. Untreated, an infection of EAB can and likely will cause death in the trees they inhabit in just two to three years. With the confirmation of EAB in our area, the question is no longer if the homeowner needs to act, but when. The emerald ash borer reproduces quickly and spreads rapidly within any area where ash trees are present. Fortunately, treatment options to protect your trees are available, we currently utilize two proven and established treatment methods, a bark spray application suitable for properties with multiple trees, and a more aggressive and effective injection treatment for higher priority and specimen trees. At Grass Masters we have been attentive to the threat of EAB since it first appeared in the state over a decade ago. To ensure that our valued customers receive the best service available, we have dedicated ourselves with new developments in the fight against EAB. Contact us today for a free appraisal assessment of your trees, or to discuss your options with our tree department staff.
