Burt Fire Department will be hosting **BINGO!** It will be every third Friday from November until March! There will be a meal served by Burt Summer Celebration.

Thank you to all of you who helped make Santa Day & cake walk successful. Without you it wouldn't be possible! Another big thank you to the Fire Department for keeping Santa Day alive!

Snow Removal Ordinance: It is the responsibility of abutting property owners to remove snow, ice, and accumulations promptly from the sidewalks. Please do this as soon as possible after the snowfall. Be mindful of where you are piling your snow and keep it on your own property. Also be aware of where your vehicles are parked, so that the City can get the streets cleaned off as quickly and efficiently as possible.

The City has updated their computer software! With this, it has the ability for you to have **access to your own account!** Follow these directions to sign up! 1.) Go to: <https://burtiowa.frontdeskworks.com/> 2.) Create new. 3.) Are you already receiving utility bills from us? **CHOOSE YES.** 4.) Then you will type in the account number and street address. Use the exact street address on your bill. By signing up for **Front Desk** not only will you have access to your own account, but you can also pay your bill, get email billing, and eventually once people get signed up, **we will be able to send out notices and notifications this way.** There is also a tab on our website labeled Front Desk where you can access this.

Animal Protection sanitation Ordinance: It is the duty of every person owning or having custody or control of an animal to clean up, remove, and dispose of the feces deposited by such animal upon public property, park property, public right-of-way or the property of another person.

UTILITY BILL AUTOMATIC BANK WITHDRAWAL: If you are interested in having your utility bill paid directly from your bank account each month, contact City Hall. You will receive your utility bill as usual, but the bank will withdraw the funds from your account on the 15th of each month. One less thing to worry about.

A continuous leak from a hole this size would, over a three month period, waste water in the amounts shown below
